

BEAVERBROOKS

Beaverbrooks' Supply Chain Statement

We know that a small amount of certain gemstones and metals are responsible for contributing to war and atrocities within particular countries. As a company Beaverbrooks care passionately about people and totally abhor any abuse of people and human rights.

We require every supply partner of gold, tungsten, tantalum, tin, platinum group of metals, silver and gemstones to Beaverbrooks to give a written assurance that all these metals & gemstones purchased by us are not sourced from CAHRAS (Conflict and High Risk Areas) and that each supply partner conform to the ideals of the OECD standards (Organisation for Economic Co-operation and Development).

We refuse to buy from suppliers who knowingly buy these metals and gemstones from CAHRAS.

A handwritten signature in black ink that reads "A Blackburn". The signature is written in a cursive, slightly slanted style.

Anna Blackburn, Managing Director
